SANT PERE RESTAURANT

The culinary offering at Sant Pere del Bosc balances tradition and innovation, featuring local and seasonal products as the main stars. Each dish, inspired by the stories and landscapes of the surrounding area, transforms nearby ingredients into creations full of flavor and beauty. The à la carte menu, lunch menu, and tasting menus provide a complete gastronomic experience that celebrates the best of Catalan cuisine.

To complement this experience, the restaurant offers a carefully curated selection of wines, including prestigious labels as well as house-made varieties produced in its own vineyards. This wide range is perfect for pairing with any occasion, from casual dinners to special events and celebrations.

COMFORT, WELL-BEING AND NATURE

WINERY

Until the early 20th century, the estate was surrounded by centuries-old vineyards originally cultivated by Benedictine monks. Vineyard huts and historical documents referencing Sant Pere are still preserved.

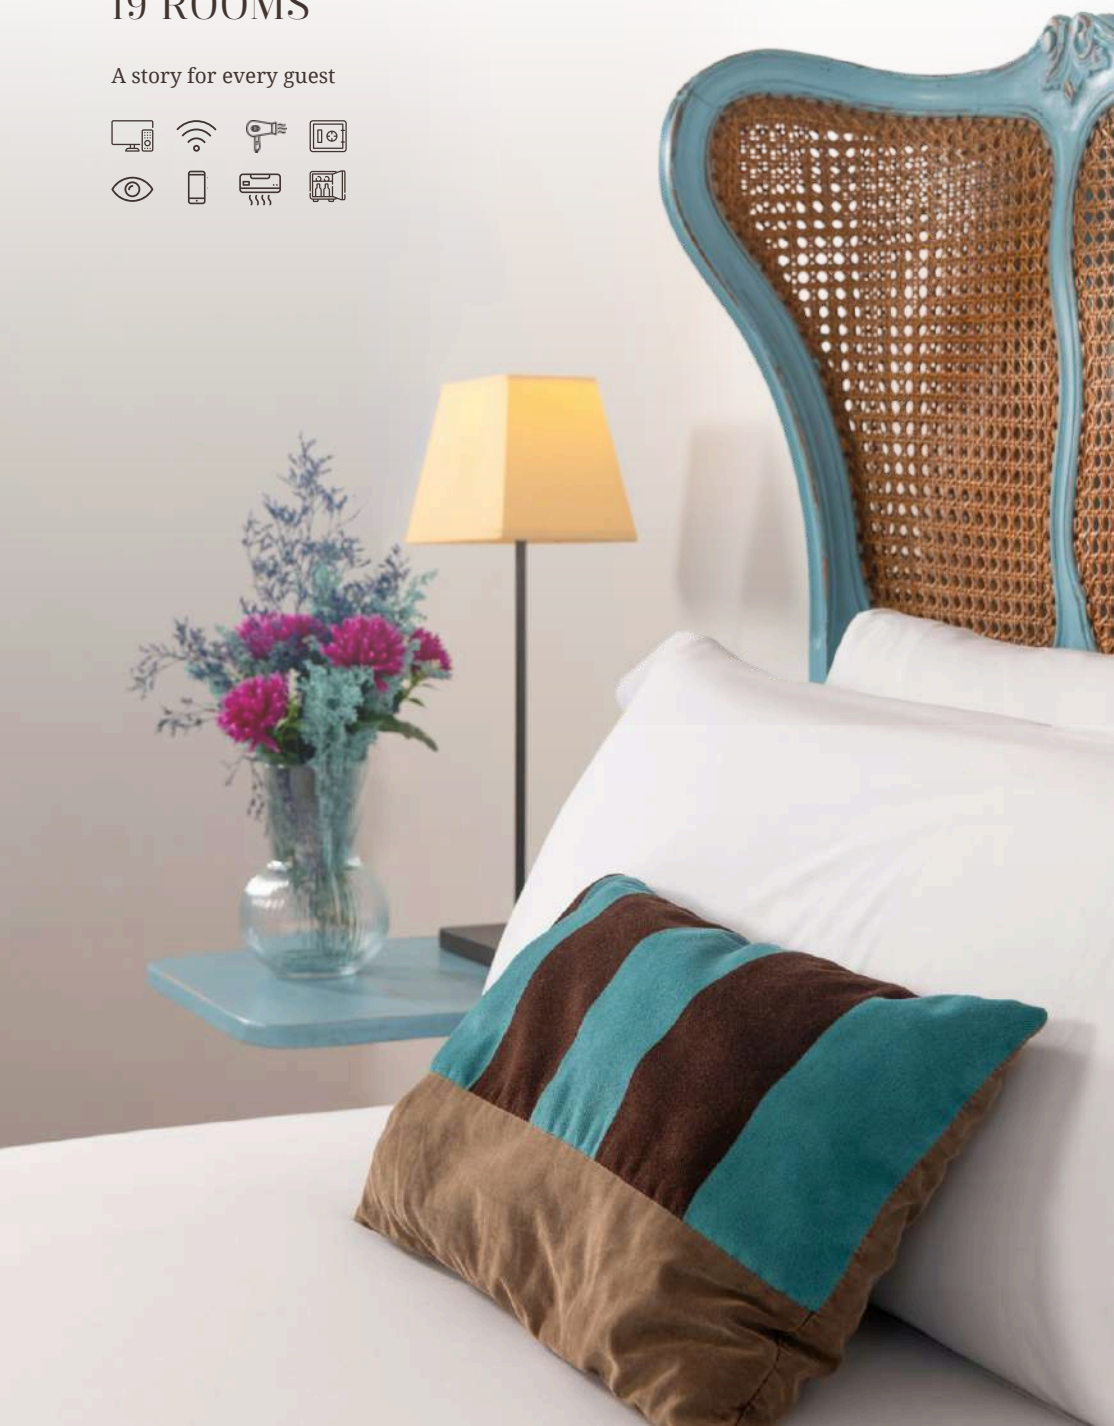

With the aim of producing high-quality wines in the southern Costa Brava, the initiative to create a new wine-growing area under the registered brand “Vins De La Selva Marítima” was born.

Today, around Sant Pere del Bosc, visitors can enjoy a variety of wine tourism experiences, such as guided vineyard tours, visits to the winery with tastings of estate-produced wines, and even yoga sessions among the vineyards combined with wine tastings.
